**Notes:**

- Wholesale prices of seed potatoes have increased but our prices remain very competitive when comparisons are made with other suppliers.
- As with the 2024/25 order, we will need to order minimum quantities of all seed potatoes so some varieties are not being made available. If a minimum order of a particular variety is not reached, we may need to offer a suitable alternative. If this happens, you will be contacted before any order is placed.
- Onion sets will include 70-80 bulbs per 225g bag. Senshyu are suitable for autumn planting and will be available in October. Red Baron will be supplied with seed potatoes in late December/early January for Spring planting.
- If you pay by cheque, these will not be presented to the bank until late October 2024.
- If you wish to pay by BACS, please pay: Capel St Mary Allotments Association Sort code 30 94 55; A/c No. 01298209 and use your 'Surname' & 'Potatoes/Onions' as the reference.
